We are taking reservations for whole and half pigs for fall 2019.

Our pigs are free range and raised in our lush pastures and allowed to roam and root as they please. We raise only heritage breed pigs, with a high quality of life, they even have their own mud pond to lounge in. They eat a diet of grain, grass, vegetables and fruit. They are processed in an USDA inspected facility. Our pigs are never given steroids or growth hormones. They are grown with respect and care. Feel free to visit our farm, meet our farm family and pick out your own pig.

Whole/half pigs:

\$4.00 per pound hanging weight
\$1.00 processing fee.

Typical farmers market cut of whole pig includes roughly:

24- Pork Chops cut $\frac{3}{4}$ inch with Tenderloin included 2 per bag
